Dear Sannie:

These cards will give idea of beauty to be destroyed by Doerger's highway. Will send clippings in separate envelope.

Took it easy over weekend but got some public reaction - definite - anti.

Harry Schwartz has enlarged store. Has huge stack of Mark Lane's book in front of one window.

My niece's husband is art teacher in a public school - he flipped over Viet Nam book.

But, more as events develope. Can be reached at above hotel.

Best to Harold -

Next day

Had grand reunion with long time friend, Harry Schwartz, yesterday. He is the "Captain" of Milwaukee. Has "White-wash" on rabbs. It is selling. The Mark Lane book is making history here. Harry can't keep supply. Kimbels book department got supply yesterday, and had one left, today.

Harry told me Lane was on air and after broadcast, his phone rang clearly. He called supplier in Chi. and he was out. This never let up. Never has seen anything like it and he has been in book business for 30 years, that I know of.

Have 4:30 appointment, today, with Phil Marshall. He will take the Freeway data from D.C. to distribute to Cudahy and those lighting Lake Front Park. Phil says the huge government grant is cause of evil. Will send more on that later.

"Inquest" came into all bookstores Monday as a paperback.

Harry says few more books due on subject - Manchester, Bishop, Lasker and two others, not identified. Harry also said Harold now has a distributor.
